

EFFECTIVE COMMUNICATION STRATEGIES

An education program presented by the Alzheimer's Association®

Communication is more than just talking and listening — it's also about sending and receiving messages through attitude, tone of voice, and body language. As the disease progresses, individuals living with Alzheimer's or other dementias lose the ability to use words, but families can find new ways to connect.

Join us to explore how communication changes when someone is living with Alzheimer's, learn how to interpret the verbal and behavioral communication, and identify strategies to help you connect and communicate at each stage of the disease.

**Tuesday, March 30
7:30 p.m.**

Event will take place on Zoom

Register at bit.ly/CommsFutureHCP

This event is designed for students and other future healthcare workers

Visit **alz.org/CRF** to explore additional education programs in your area.
